REASON FOR MANUAL CHANGE: This change was made to implement Electronic Benefit Transfer (EBT) Grant Level Expungement. Grant refers to the procedural process of depositing any SNAP or cash benefit into an EBT cardholder's account. All SNAP and cash benefits will be expunged based on the date a benefit is deposited to the account and client initiated activity. When the client has not used benefits for a period of 365 days from the date a benefit is deposited to the account, then that benefit only will be expunged. Although an account has an expungement, there may be remaining grant month amounts in the account that will not be available to the cardholder until the account status has been reset to active.

This Change was made to the procedure when the responsible adult who is not a Medicaid recipient under any coverage group and not required to cooperate with BCSE expresses an interest in receiving child support services, voluntarily. In this circumstance, a change is no longer made to the CO coding, therefore no computer-generated referral for these AGs will be received by OSCAR. Instead, the Worker gives an abbreviated BCSE application the App-1-interactive, to the individual and explains where it is submitted. BCSE is to provide these forms to the local offices for distribution by July 1, 2010.
